- c) Players may decline an offer to play for a team but must be aware that when declining an offer the spot will be offered to another player and therefore the player will no longer be eligible to play for Melbourne Tigers.

### 4. GENERAL INFORMATION FOR ALL PARENTS

- a) It is important that all parents and players understand that accepting a place in the program means abiding by all Basketball Victoria Codes of Conduct, and Melbourne Central Basketball Association/Melbourne Tigers code of conducts, policies and procedures.
- b) Tryouts are a stressful time for everyone, including parents. The tryouts are conducted fairly, and everyone has an opportunity to display their skills. No pre-determined positions are guaranteed at any time. There will be disappointments; it is inevitable that some players will not make the team that they thought they may make. Positive reinforcement rather than critiquing the tryout process or criticizing other players will assist a player's development and help them to move forward. As we all know once the new teams are formed and have had their first training sessions, optimism for the coming season becomes the focal point.
- c) **IMPORTANT: Parents must not communicate with the Head of High Performance, Directors of Coaching or Coaches during the tryout process in person, by phone, email or SMS. If you have any queries throughout the tryout process please contact the administrative team noting that feedback will not be given on particular players throughout the tryout process. We ask that you trust the process throughout the tryout period.**
